

Benoit Seguin

I'm the other half of the DREAMZ cattery. You could say that cats are in my blood as with my wife Lynn. My Great Aunt Margaret Gadouas has been the Vice President of the CCA several times over the years, and is a very large part of both mine and Lynn's life. Most husbands in the cat fancy are considered to be a tag-a-long for the wife. But in my case this isn't the case as I'm a very active member of the DREAMZ line as our groomer. Grooming a longhair is a very important part of showing, as a well groomed cat will have an edge in a winning circle. With both Margo and Lynn's help I have developed an eye for type in a show cat.

Ben & Lynn at the 2009-10 CCA awards.

Here is GC LAKE HYCO BROWN THRASHER of DREAMZ. He is a Chocolate Persian male. Thrasher is our most important Chocolate stud that has brought in the rare chocolate gene we work with in our line. Most of our cats are related to this boy.
