

Marc Lacourciere, Gatineau, Quebec

Computer consultant, interested in historical reenactments, collector cars, folk music and travel.

Discovered the world of cats and Maine Coon cats in particular mostly by accident. My partner Kelly and myself decided a cat would be great to have, but wanted to do some research first... and we got two. We went to several cat shows, saw many breeds, and settled on the gentle giants that are Maine Coons.

In the picture you see me with Jondelcoon Ranger Magee, at 10 months of age, enjoying a car show. I take him or his sister Jondelcoon Cheyenne Magee almost everywhere I go in any season, and they both enjoy it.

Since I joined the OVCC, I have learned far more about cats than I ever hoped, and that is ongoing.

If you hear of a guy and his cat around the entire Outaouais region, it's probably Ranger and me.
