

## Martha MacLaine

I have loved and been owned by cats for more than 35 years and just can't imagine my home and family without at least one feline member. Many years ago I had intended to become a breeder of Himalayans, but a comedy of errors found me neutering my supposedly female flamepoint. Unfortunately, as a poor student at the time, I didn't have the capacity to add a third cat to the family.

In 2010, after the death of our much loved 18 year old calico, my daughter and fellow cat lover, Katrina chose the stunning Bengal breed and we embarked upon the path of breeding at "PantheraLaine." Katrina and I are so pleased to have encountered many wonderful friends in the cat fancy through the OVCC and the shows we attend. We currently share our lives with the beautiful felines pictured here.
